

Tefal introduces the New Express Steam Generator

Tefal is a reliable and trusted brand in the linen care market. As the market leader in steam generators, our brand continues to perform very well in the Australian market as we seek to drive innovation across all our product offers.

Tefal offers consumers highly innovative options such as our new Express Steam Generator, a very powerful and easy to use steam generator. It is very well featured and comes with the unique Easycord system, which works to keep the cord away from the linen and your hand, ensuring greater ease for the consumer and avoiding the creasing of clothes as you iron.

The Express Steam Generator boasts a generous water tank capacity of 1.4 litres for over two hours of continuous steam ironing. It also includes a boiler rinse alert to remind you of the need to rinse the boiler and remove any scale build-up. For ease of storage, the electrical cord wraps up inside a dedicated storage compartment on the side of the unit, while the steam cord can be tucked away in its storage channel.

According to Brand Manager, Christine Abdal, "this model offers great value and out features all other models at the same pricepoint. It has a Durilium soleplate, generates 4.5 bars of steam pressure and quickly heats up in less than 2 minutes. Lovers of European design and quality will also appreciate that it is made in France".

Express Steam Generator features include :

- Unique Easycord system
- Durilium soleplate
- 1.4L water tank
- 4.5 bars pump pressure
- Up to 110g / min continuous steam
- Vertical steam
- Easy cord storage for electrical cord
- Storage channel for the steam cord
- Extra stable iron rest with anti-slip pads & lateral support
- Boiler rinse alert
- Made in France
