Ingenious and Versatile...

A place for everything and everything in its place. Tefal creates a new range of cookware that not only takes up less space in your cupboards, but also offers versatile cooking solutions due to its removable handle.

The Ingenio range can be used for cooking on the hob, in the oven, serving on the dining table and even storing in the fridge. This versatility means you can use the same item for many solutions in the kitchen. However you are not only limited to your home kitchen, Ingenio is the perfect solution to cooking whilst camping, boating or enjoying leisure activities.

A number of unique features ensure that this cookware meets the demanding needs of gourmet cooks whilst offering a quality product:

- Thermo-Spot technology: Tefal's unique heat indicator tells you exactly when to cook to seal in the flavour (available on frypans and wokpans)
- Expert non-stick coating: provides a toughened base against damage plus long lasting non-stick properties

- Removable handle: the safe removable handle is elegant and easy to use
- Glass lids: with a silicone lip ensure a secure and tight fit. Storage is improved by the added benefit of a removable knob
- Stainless steel lids: offer anti-splattering and straining options
- Plastic lids: allows food to be kept in its original container, to be stored in the refrigerator
- Suitable for all heat sources including induction
- Made in France

The Ingenio Stainless Steel range is the most ingenious cookware range that allows an elegant table service, practical space saving and versatility, with perfect culinary success.

Three sets are available in the Ingenio Stainless Steel range including:

- 11 Piece Set: 16cm, 18cm and 20cm saucepans with plastic and glass lids, with a removable handle
- 4 Piece Set: 28cm Frypan, 28cm Wokpan with glass lid and removable handle
- 3 Piece Set: 22cm and 26cm Frypan with removable handle.
